FOUNDATION

Capitol Hill Challenge™

THE PROGRAM The SIFMA Foundation Capitol Hill Challenge™ (CHC) presented by Charles Schwab, is a special edition of The Stock Market Game™ program offered every spring. CHC matches Members of Congress with students, teachers and schools competing in SMG in their respective district or state. This time-honored tradition draws 100% Congressional participation each year.

Since its inception in 2004, CHC has made over 3,800 matches of U.S. Representatives and Senators with schools, encompassing more than 103,000 students across the country. Student teams manage a hypothetical \$100,000 online portfolio and invest in real stocks, bonds, and mutual funds. The classroom learning focuses on global capital markets and the importance of long-term saving and investing. The top 10 student teams and their teachers win a trip to Washington, D.C. to meet their Members of Congress, learn about fiscal policy making and tour financial landmarks.

THE VALUE The Capitol Hill Challenge helps students better understand the global economy, develop personal financial skills, and improve their knowledge of math, economics, and business. CHC also provides Members of Congress an opportunity to connect to schools in their districts, and to inspire and serve as role models for the students.

An Independent study found SMG students outperformed their peers in mathematics and financial knowledge.
