Date	30 th July 2013
Subject	SIFMA – BCP test on 5 th October 2013

CLS will participate in the SIFMA industry wide business continuity test on Saturday, October 5, 2013.

Our JAS (Test) service will be available for the duration of the test, from 15:00 to 21:00 CET (Which includes a two hour window after the official test end time for any issues encountered)

We will not be performing any failovers ourselves this year, but offering our full JAS service for the use of our Members should they wish to undertake full end-to-end testing.

The JAS CLS1 and CLS2 systems will be available for receipt of FX and NDF instructions. Our 'reflex' BICs will also be available so Members can receive a matched trade and subsequent notification back.

On the day we will have Operations staff available should you have any issues, contactable on –

Telephone - +44 (0) 870 9000 606
